1. New Features in Minitab Connect 7.10.4

Dashboard Enhanced Menus, Multiselect, and Zoom

To provide a consistent experience for dashboard creators, Edit mode and Preview mode now offer the same functionality. This includes responsive graphs (with tooltips) and the ability to modify/interact with slicers. Additionally, multiselect and zooming capabilities provide easier visibility and management of the overall dashboard layout.

2. Maintenance Items in Minitab Connect 7.10.4

Update SAP Connector OData endpoint to V4

3. Problems Resolved in Minitab Connect 7.10.4

The following issues are resolved in Connect 7.10.4:

- Forms allowing values not in dropdowns when using the Text import on bulk forms. (TT187755)
- Cannot remove Long Text field from multi-column index after changing field type from text. (TT187573)
- Decimal places lost in save external copied table when field is formatted as numerical. (TT187767)
- 7.10.3 Hotfix - Deleting a table with a Saved Export removes all Field Type Triggers (TT187827)
- 7.10.3 Hotfix - Capa alerts fired for data not included for its data view. (TT187810)
- Forms fail loading in nav menu for Dashboard viewers and Monitor Users. (286450)
- Better support for UTF-8 BOM file imports that have a Date column. (285616)
