Minitab DOE by Effex Deployment

Minitab wants to ensure that you get the most out of your Minitab DOE by Effex implementation. To this end, we have created a deployment path to serve you better. Our in-house consultants will work with your team to help you hit the ground running with Minitab DOE by Effex – so you can achieve success even faster.

The Elements of Minitab DOE by Effex Deployment:

60-minute Deployment and Configuration Guidance

Goal: The Minitab team will guide you through the deployment of Minitab DOE by Effex.

What We Will Do for You: We will provide all the necessary information to successfully deploy Minitab DOE by Effex to your users and show how to manage those users in our License Portal.

180-minute Configuration Training

Goal: The Minitab team will show your practitioners how to utilize Minitab DOE by Effex.

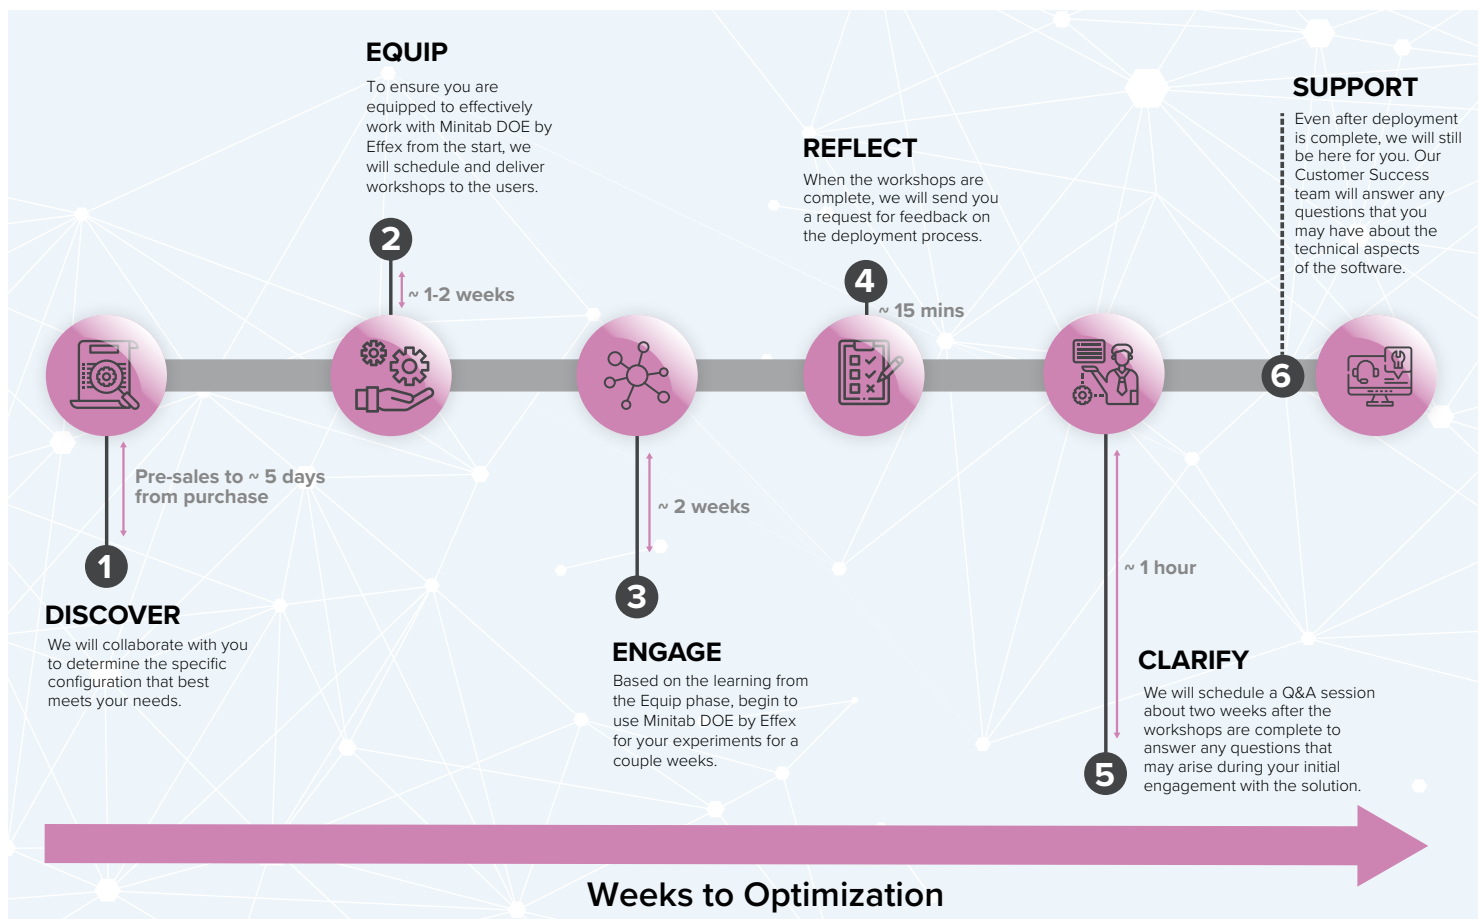

What We Will Do for You: We will introduce what Minitab DOE by Effex is, demonstrate how to navigate and use the solution. We will familiarize your practitioners with the advanced designs contained within Effex as well as the data analysis tools.

60-minute Follow-up

Goal: The Minitab team will provide continued support for users.

What We Will Do for You: The content will vary from customer to customer. We will also introduce help and support options.

*As an optional addition to standard deployment, Minitab can conduct additional workshops/trainings or consulting to meet your specific organizational needs. Discuss with a Minitab team member to learn more.
