This license governs use of the accompanying software. If you use the software, you accept this license. If you do not accept the license, do not use the software.

1. Definitions

The terms "reproduce," "reproduction," "derivative works," and "distribution" have the same meaning here as under U.S. copyright law. A

"contribution" is the original software, or any additions or changes to the software. A

"contributor" is any person that distributes its

contribution under this license. "Licensed patents" are a contributor's patent claims that read directly on its contribution.

2. Grant of Rights

(A) Copyright Grant- Subject to the terms of this license, including the license conditions and limitations in section 3, each contributor

grants you a non-exclusive, worldwide, royalty-free copyright license to reproduce its contribution, prepare derivative works of its

contribution, and distribute its contribution or any derivative works that you create.

(B) Patent Grant- Subject to the terms of this license, including the license conditions and limitations in section 3, each contributor

grants you a non-exclusive, worldwide, royalty-free license under its licensed patents to make, have made, use, sell, offer for sale, import, and/or otherwise dispose of its contribution in the software or derivative works of the contribution in the software.

### 3. Conditions and Limitations

(A) No Trademark License- This license does not grant you rights to use any contributors' name, logo, or trademarks.

(B) If you bring a patent claim against any contributor over patents that you claim are infringed by the software, your patent license from such contributor to the software ends automatically.

(C) If you distribute any portion of the software, you must retain all copyright, patent, trademark, and attribution notices that are present in the software.

(D) If you distribute any portion of the software in source code form, you may do so only under this license by including a complete copy of this license with your distribution. If you distribute any portion of the software in compiled or object code form, you may only do so under a license that complies with this license.

(E) The software is licensed "as-is." You bear the risk of using it. The contributors give no express warranties, guarantees, or conditions.

You may have additional consumer rights under your local laws which this license cannot change. To the extent permitted under your local laws,

the contributors exclude the implied warranties of merchantability, fitness for a particular purpose and non-infringement.

1. License and Ownership. RapidSpell WPF is a licensed software product. RapidSpell WPF, including its accompanying files and documentation, is owned and copyrighted by Keyoti Inc., © Copyright 2002-2012, all rights reserved. ## 2. Distribution.

If you purchased an Individual Developer License Version of RapidSpell WPF, you may copy and use the RapidSpell WPF distribution file (.zip) on

any systems you use but for your individual use only. Individual use is defined as one person having the ability to read or copy any of the

files originally contained in the RapidSpell WPF distribution file including (but not limited to) the .dll, .cs, .vb, .html, .gif, .jpg,

.bat, and .txt files. You must take appropriate safeguards to protect this product from unauthorized access by others.

distribution file (.zip) must be unaltered and complete, including this license agreement and all copyright notices.

You may not reverse engineer, disassemble, decompile, or modify this software or its accompanying documentation in any way.

You may reproduce and redistribute a copy of the dll files as part of any .NET based software developed and licensed by you that itself uses

RapidSpell WPF provided

a) your software has clearly distinct and added functionality,

b) you are responsible for all technical support,

c) the RapidSpell WPF application programming interfaces are not documented, exposed, or otherwise made available by your software,

d) attribution is given to Keyoti Inc. (<http://www.keyoti.com>) in any documentation or screen displays where other credits appear,

e) you do not allow recipients of your software to reverse engineer, disassemble, decompile, or copy portions from your software allowing them

to gain separate access to RapidSpell WPF or any parts of it,

f) your software is not used by software developers as part of their application, and

g) your software is not a software component or 'Control'.

The source code samples included with this package and in the RapidSpell WPF documentation may be freely used, modified, incorporated, and

Keyoti Inc. retains the right to, in its sole discretion, refund the purchase price of this software as a complete and final resolution to any dispute.

**SPECIFIC DISCLAIMER FOR HIGH-RISK ACTIVITIES.**

The SOFTWARE is not designed or intended for use in high-risk activities including, without restricting the generality of the foregoing, on-line control of aircraft, air traffic, aircraft navigation or aircraft communications; or in the design, construction, operation or maintenance of any nuclear facility. Because some states and jurisdictions do not allow the exclusion or limitation of liability for consequential or incidental damages, the above limitation may not apply to you.

4. Support and Source Code Licensing. Keyoti Inc. does provide formal customer support for RapidSpell WPF for a fee. We also make every effort to ensure the quality of our products, and questions, bug reports, and feature requests are encouraged, please use email.
